

Caso práctico: Gamepad BLE de gestos con Arduino Nano 33 BLE

Aprende a crear un gamepad de gestos BLE con Arduino Nano 33 BLE, APDS9960 y MPU6050. ¡Transmite estados del gamepad con gestos y inclinaciones!

Practical case: BLE gesture gamepad on Arduino Nano 33 BLE

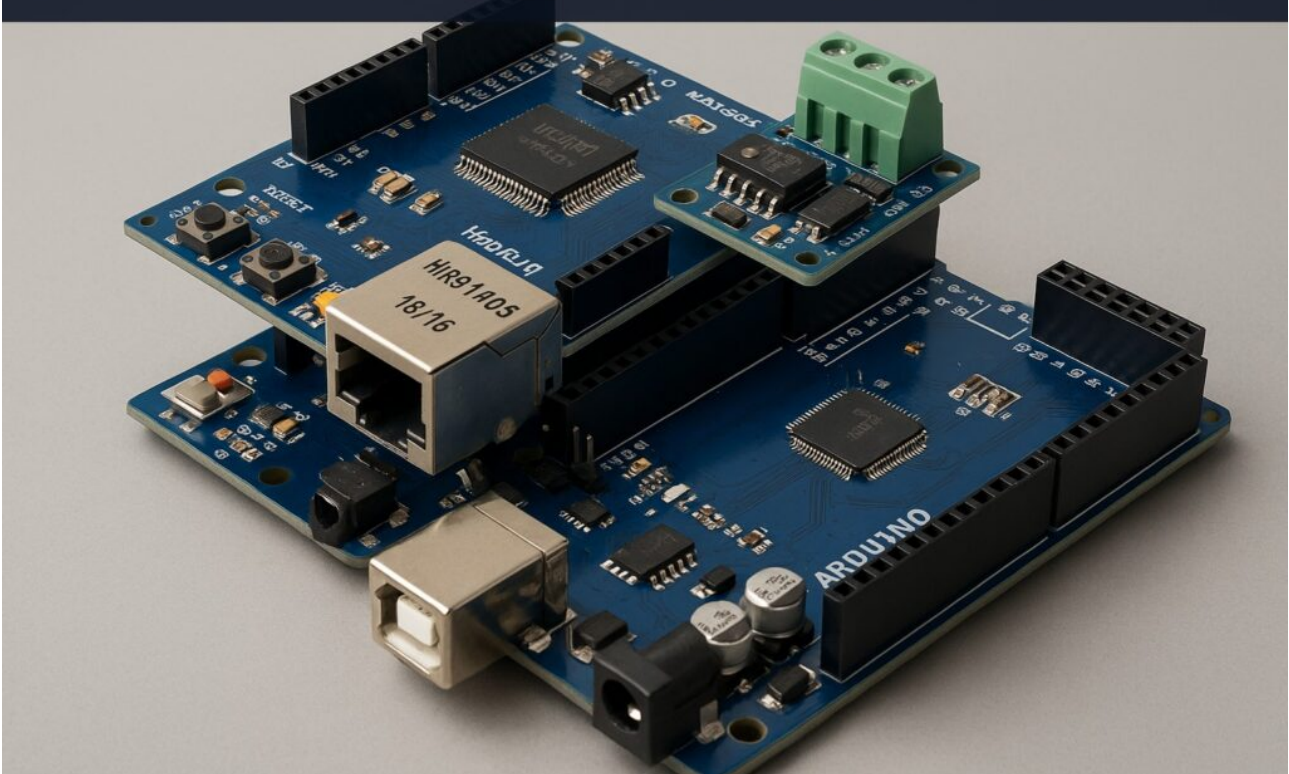

Practical case: BLE gesture gamepad on Arduino Nano 33 BLE

Learn to create a BLE gesture gamepad using Arduino Nano 33 BLE, APDS9960, and MPU6050. Stream gamepad states via hand gestures and tilt!

Caso práctico: Modbus Logger Arduino Mega, W5500 y MAX485

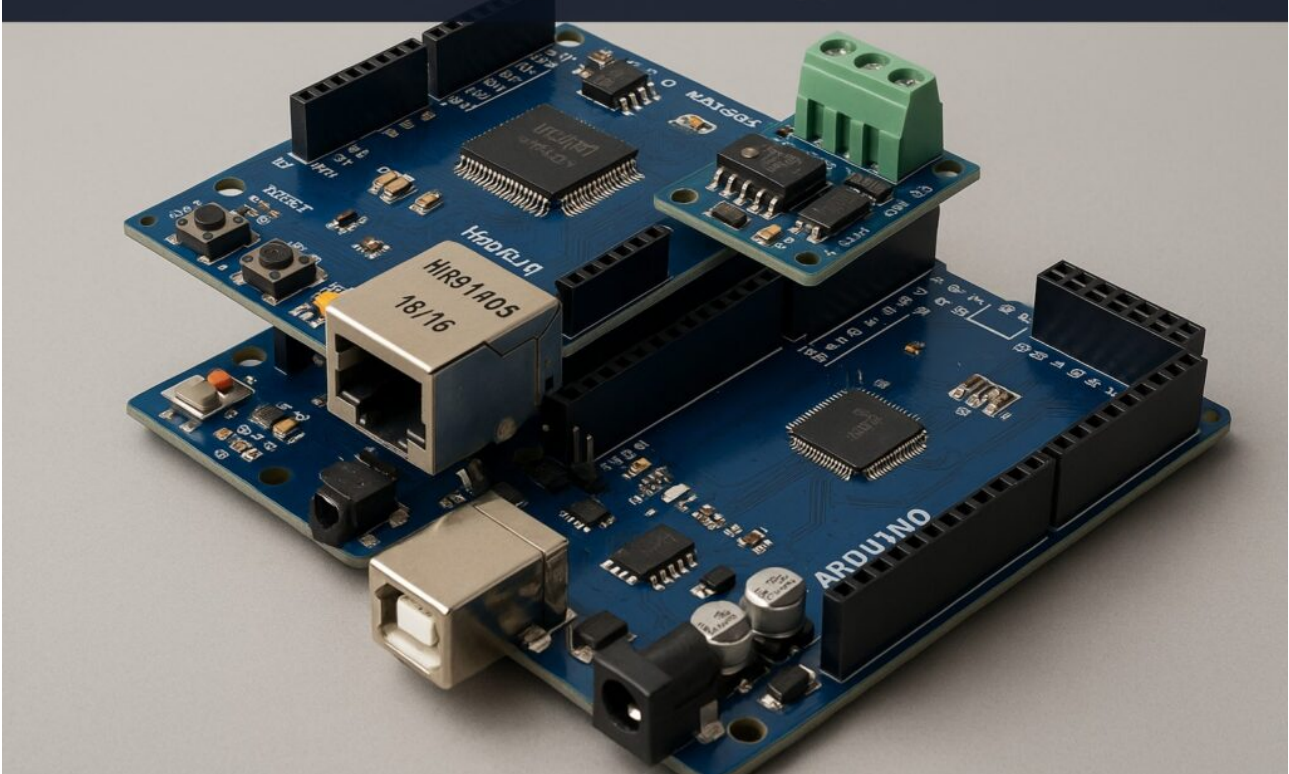

Caso práctico: Modbus Logger Arduino Mega, W5500 y MAX485

Aprende a construir un registrador de energía Modbus confiable con Arduino Mega 2560, W5500 Ethernet Shield y MAX485. Captura datos y expón vía HTTP.

Practical case: Arduino Mega Modbus Logger (W5500, MAX485)

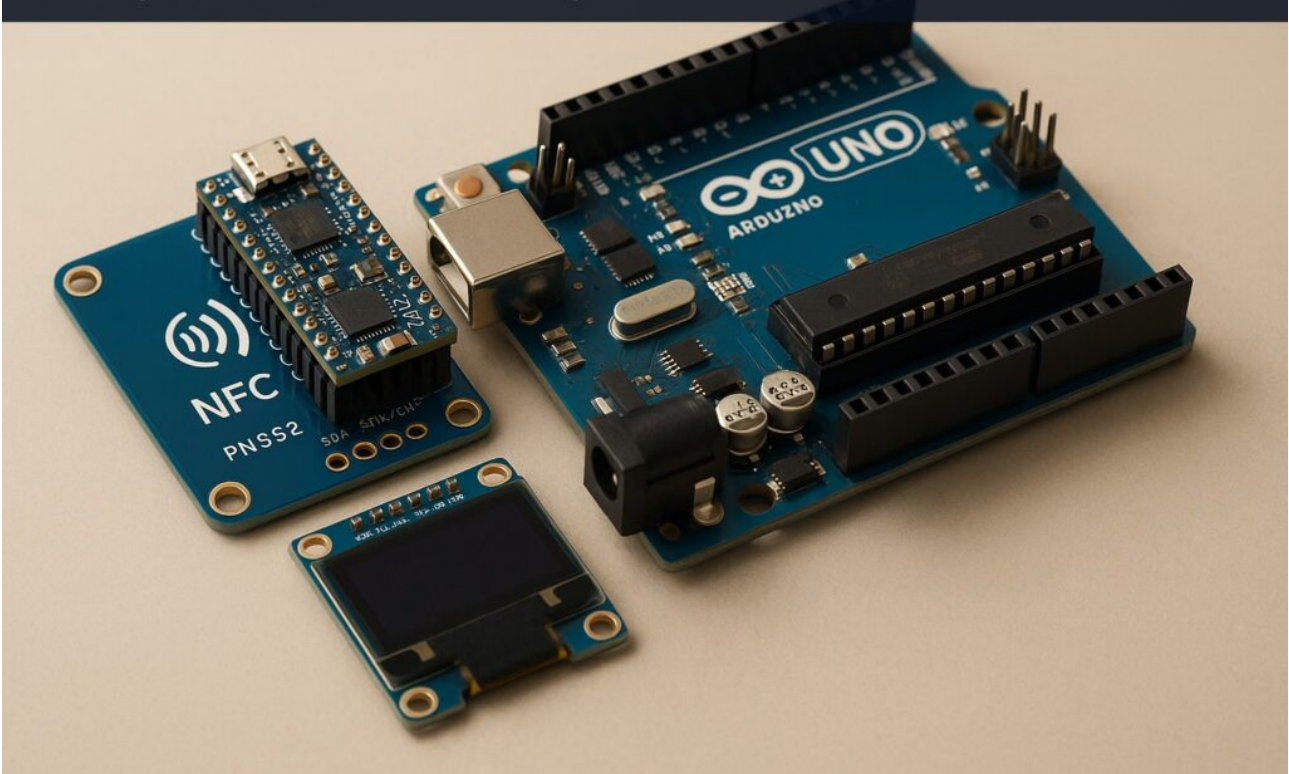

Practical case: Arduino Mega Modbus Logger (W5500, MAX485)

Learn to build a reliable Modbus energy logger with Arduino Mega 2560, W5500 Ethernet Shield, and MAX485. Capture data and expose it via HTTP.

Caso práctico: Acceso NFC por WiFi con Arduino Nano 33 IoT

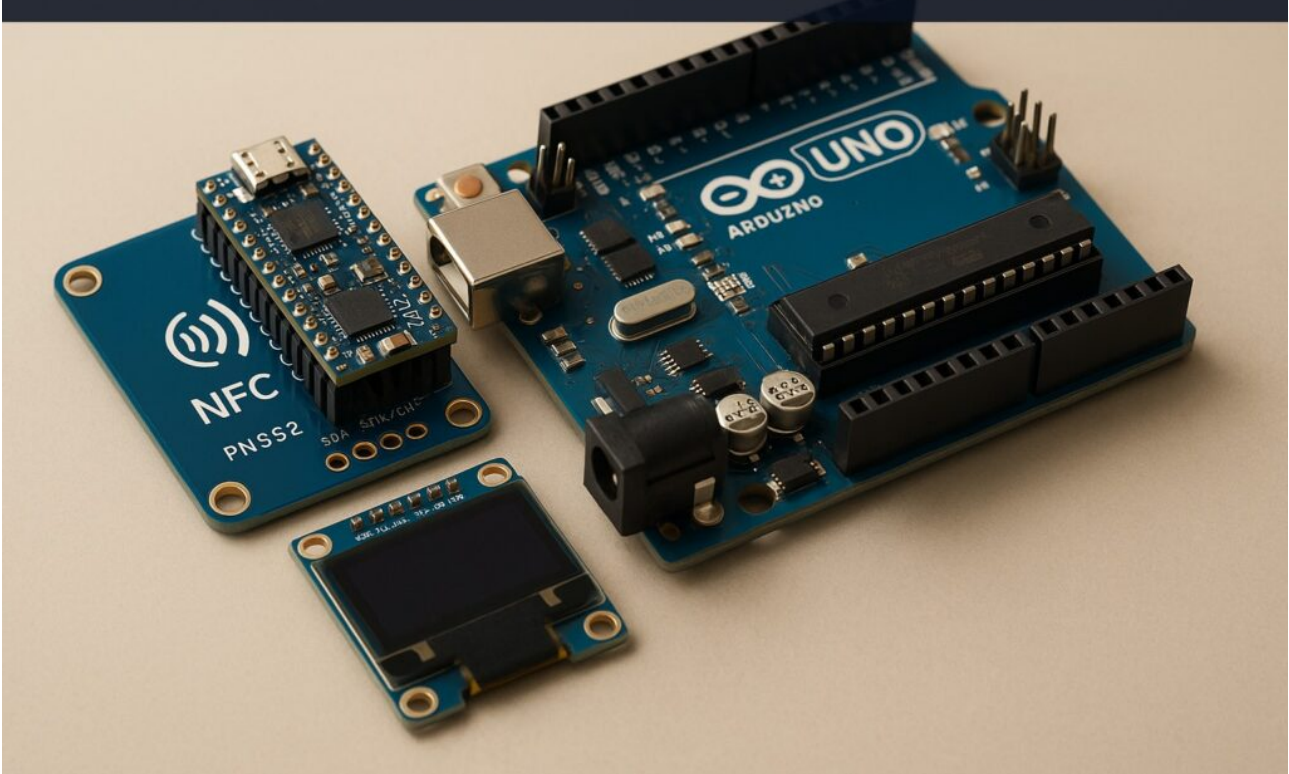

Caso práctico: Acceso NFC por WiFi con Arduino Nano 33 IoT

Explora el control de acceso NFC Wi-Fi avanzado con Arduino Nano 33 IoT, PN532 y SSD1306 OLED. ¡Construye, soluciona problemas y amplía tu proyecto!

Practical case: NFC access via WiFi on Arduino Nano 33 IoT

Practical case: NFC access via WiFi on Arduino Nano 33 IoT

Explore advanced NFC Wi-Fi access control using Arduino Nano 33 IoT, PN532, and SSD1306 OLED. Build, troubleshoot, and extend your project!
