

Practical case: Agri LoRaWAN MKR WAN 1310+BME680+DS18B20

Build a LoRaWAN-enabled microclimate node for agriculture with Arduino MKR WAN 1310, BME680, and DS18B20. Learn to measure and transmit key data.

Practical case: Arduino Mega 2560 CAN logger MCP2515 & W5500

Practical case: Arduino Mega 2560 CAN logger MCP2515 & W5500

Build a predictive maintenance logger using Arduino Mega 2560, CAN-BUS Shield, and Ethernet Shield. Monitor real-time data and log anomalies effectively.
